San Pablo City, Laguna

EDUCATION

Laguna State Polytechnic University (2022 – Present)

Bachelor of Science in Information Technology
(Web and Mobile Application Development)

Recto Memorial National High School (2020– 2022)

Senior High School
Science Technology Engineering
and Mathematics (STEM)

SKILLS

- Basic computer literacy skills
- Knowledge in HTML, CSS, JavaScript, PHP, and MySQL
- Basic knowledge of UI/UX design principles
- Experience with simple web-based systems and applications
- Willingness to learn and adapt to new technologies
- Experience using AI-assisted tools for coding, problem-solving, and development

LANGUAGE

- English
- Tagalog

ABOUT ME

An Information Technology student with a strong foundation in basic computer literacy and web development. Has practical experience in building and maintaining web-based applications, including both front-end and back-end functionality. Continuously learning and improving technical skills, with interest in developing practical, user-focused applications and gaining real-world IT experience.

CERTIFICATIONS

- User Experience Design Fundamentals (IBM SkillsBuild)
- Web Development Fundamentals (IBM SkillsBuild)
- Project Management Fundamentals (IBM SkillsBuild)
- JavaScript Essentials 1 (Cisco)

RELEVANT EXPERIENCE

- Capstone Project: Developed a responsive, database-driven web application using PHP, MySQL, HTML, and CSS that automatically generates schedules in one click, provided all required scheduling data is fully entered into the system.
- TESDA NC II – Computer Systems Servicing (CSS): Completed hands-on tasks in basic IT support and troubleshooting, including hardware and software diagnostics, system installation, and end-user assistance.
- Created UI/UX layouts for academic projects with emphasis on usability, clarity, and consistent visual design
- Contributed to system testing, debugging, and functionality improvements across multiple projects
